Mohamed Aziz KISSI

Engineering student

mohamed.kissi@utbm.fr

1 Rue Gaston Defferre, 90000, Belfort

Permis B

+33753240724

Skills

Modeling and Simulation: SOLIDWORKS

Programming: C, Python, Arduino , MATLAB,

Digital Skills: PIX

Certificate: Introduction to AI – Google

Office Tools: Microsoft Office

Languages

English
Opérationnel

French
Fluent

Arabic
Mother tongue

INTERESTS

Automotive

Aeronautics

Railway systems

Embedded systems programming

ADAS (Advanced Driver Assistance Systems)

Artificial Intelligence

AUTOSAR

Train Control and Assistance Systems (ETCS, ATO)

Flight Control and Assistance Systems (Autopilot, FMS)

Entrepreneurship

Swimming – 6 years experience

Handball – 4 years experience

Weight training – 1 year experience

Passionate about football

I am currently an engineering student, specialized in Energy and Electrical Engineering, and I am looking for a 6-month internship in embedded systems starting in September 2026.
I am energetic and I like interacting with people. I enjoy working in teams and collaborating with different colleagues. I am curious and motivated. I take part in group projects and I like learning new things and facing challenges.

Work experience

Order Picker
From July 2025 to August 2025 SCOLEO Toulouse
- Prepared and packed orders.
- Checked goods when they arrived.
- Managed stock.

Job shadowing day
2023 Continental Toulouse
- Learned about the company and its teams.
- Watched how products are made.
- Talked with workers.

Volunteer
From 2020 to 2023 FENIX Toulouse Handball Toulouse
- Helped take care of the handball court.
- Made sure the court was safe and ready for games.

Projects

Line-Following Robot Project
- Designed the robot.
- Programmed the robot.

Smart Solar Station Project
- Designed the model.
- Improved energy efficiency.

Solar Tracker Project
- Designed the model.

Automatic Emergency Braking System (AEB)
- built a small automatic braking prototype using Arduino and sensors.
- Programmed the system to slow down and stop based on distance.
- Tested and improved system response and safety.

Education

Energy and Electrical Engineering
Since 2025 Université de technologie de Belfort Montbéliard (UTBM) Belfort

Preparatory Class for Engineering Schools (TSI – Technology and Industrial Sciences)
From 2023 to 2025 Lycée Pierre-Paul Riquet Toulouse
Good

High School Diploma: Technological Innovation and Eco-Design (ITEC)
From 2022 to 2023 Lycée Dédéot de Sèvérac Toulouse
Good
